

NOW SEEKING RECOMMENDATIONS FOR

PSP Board Service

Do you have the passion and skills to serve Alpha Chi Omega, our collegiate chapters and the chapter-level employees who work to support the member experience? If so, Pearl Stone Partners, LLC (PSP) can't wait to meet you! As the newest of the four boards that make up the national leadership of our sisterhood, the PSP Board of Managers is looking for alumnae leaders to serve Alpha Chi Omega and advocate for the Pearl Stone Partners mission.

Pearl Stone Partners, in conjunction with a professional employer organization (PEO), is the co-employer of record for individuals deployed to work at Alpha Chi Omega chapter facilities. PSP is the employment hub and supports pre-employment screening; employee recruitment, orientation and management; training and professional development; and performance management. We are dedicated to developing the tools and resources that advisors, collegiate officers and employees need.

RECOMMEND A SISTER (OR YOURSELF) FOR SERVICE IF YOU CAN ANSWER "YES" TO ANY OF THESE QUESTIONS!

- Do you work in human resources, recruiting, property management, entrepreneurship, legal and/or finance?
- Do you have the business acumen to think creatively and address challenges and opportunities?
- Do you understand nonprofit governance and believe in the fundamental partnership between board and staff?
- Do you have an understanding of the needs of today's collegiate leaders, advisors, chapters and employees?

The all-volunteer PSP Board of Managers meets virtually six times a year in partnership with our staff to achieve PSP's mission – *to deliver comprehensive human resources services and support employees and those who direct them to enhance the Real. Strong. Women. Experience* – and contributes to the overall success of the Alpha Chi Omega Enterprise. The board is comprised of five managers: one National Council representative and four managers elected by the National Council to serve a three-year term. For manager responsibilities, please visit www.alphachiomega.org/become-a-volunteer. Learn more about PSP at www.pearlstonepartners.org.

We are committed to enhancing and broadening board membership and cultivating an environment in which all who are involved feel included, respected and valued. We seek cultural, racial, professional and geographical diversity for the board. We believe the success of PSP will depend on having the right blend of skill sets, expertise, network connections, diverse perspectives and spheres of influence across the board. Experience as a former chapter advisor or local house corporation member at a chapter with staff is of value; however, prior volunteer experience is not required.

If you believe you have the vision, skills and talent to further the PSP mission, we encourage you to apply now! Submit a recommendation for yourself or another sister, along with a resume, electronically to bcarson@alphachiomega.org.
