PRINTABLE RESOURCES

TABLING BOARDS

Alpha Chi Omega has created three ready-to-print informational graphics for chapters to display when hosting a table on campus. The tabling boards can be printed as standard 8.5" x 11" sheets and affixed to foam board or framed for display. They can also be printed and hung up as posters around campus or chapter facilities!

PASS CARDS

Pass cards are also ready to print and should be printed on cardstock to ensure durability. Sized like a business card at 3.5" x 2", they can be distributed during tabling events or given to sisters to keep on hand in case survivors need resources or helpline contact information. Consider ordering printed cards using a local print shop or printing service like FedEx, UPS, Staples or a similar office supply store.

DVAM BRAND ASSETS

GRAPHICS

The Graphics folder contains PNGs of Alpha Chi Omega logos, brand elements and DVAM stickers to be used in the creation of social media posts, flyers and other branded content. Their transparent backgrounds allow you to seamlessly overlay the graphics on images using a photo editing software or graphic design tool like Canva or Photoshop.

PATTERNS AND BACKGROUNDS

Solid backgrounds should be used to create the backdrop for social media informational graphics or flyers while transparent background patterns should be overlaid on images to create an Alpha Chi Omega-branded graphic.
