Step 2: Take Action

- Have a conversation - this could be with yourself about your own potential qualifications as well as with members you believe are fit to serve on the National Council. Below are some talking points to get you started:
 - What strengths do you/the member you are recommending have that match the National Council's job description?
 - How have your/their professional, educational, and/or volunteer experiences prepared you/them to serve on the National Council?
 - Review the commitment needed and assess the time and energy you/the member can realistically dedicate to board service.

The NNC looks forward to seeing your recommendation! Should you have any questions, please contact Viancca Williams, PhD, National Nominating Committee Chair at nncaxo@gmail.com.
